Concerning: exclusive partnership Autocolor Kft and EMM for Hungarian market

Dear Sirs,

This is to inform you that companies Autocolor Kft, one of the leading paint and consumables distributors in the car refinish market on the Hungarian market and EMM International from The Netherlands, a global non-paint manufacturer and supplier, have signed an exclusive distribution agreement on the 19<sup>th</sup> November 2021.

As a result, Autocolor Kft will be the exclusive distributor of the brands Colad and Hamach in the Hungarian market, as of 1<sup>st</sup> January 2022.

Over the last couple of months, both companies came to the conclusion that their philosophies fit very well together and as such an exclusive partnership is only logical. Together we will be focusing a lot on the new innovations (UV range, Bodyguard, Snap Lid and much more to come in 2022) from EMM, as well as promoting the full range of consumables in the Hungarian market.

Yours sincerely,

Autocolor Kft.
